

SUGAM SHRESTHA

Django Developer

shresthasugam.com.np | +977 9765430865 | Madhyapur Thimi-5, Bhaktapur

SUMMARY

Backend-focused developer with internship experience in Docker, Celery, Redis, and AWS. Quickly adopts new technologies in production environments. Built Django/PostgreSQL applications from scratch. Skilled in REST APIs, database design, and clean, maintainable code.

WORK EXPERIENCE

Backend Engineering Intern, Depth Nepal

Jan 2026 – Apr 2026

- Containerized applications using Docker.
- Deployed on AWS EC2.
- Integrated Redis for caching and session management.
- Implemented background tasks with Celery.

Associate Software Developer, Codren Infotech Pvt. Ltd

Apr 2026 – Sept 2026

- Developed and maintained web application features using Django, Next.js, and REST APIs.
- Implemented Firebase Push Notifications to enable real-time user notifications and engagement.
- Collaborated with the development team through Git, code reviews, debugging, and feature development, gaining experience working in a production software environment.

PROJECTS

Learning Management System | Django, PostgreSQL, Tailwind, Render

- Full-stack platform with order management, user auth, and PostgreSQL DB.
- Practiced ORM, query optimization, and RESTful patterns.
- [Frontend Repo](#) | [Backend Repo](#) | [Live](#)

Food Delivery System | Django, PostgreSQL, Tailwind, Render

- Full-stack platform with order management, user auth, and PostgreSQL DB.
- Practiced ORM, query optimization, and RESTful patterns.
- [GitHub](#) | [Live](#)

Self-care Portal | Flask, SQLite, PostgreSQL

- Wellness tracker with secure form handling and SQL queries.
- [GitHub](#) | [Live](#)

HACKATHONS (TEAM COLLABORATION & FAST PROTOTYPING)

- **The ClockMakers Hackathon** (Feb 2025) – software integration, 48-hour sprint.
- **Relay Hack x Leapfrog Connect** (Apr–May 2026) – built educational accessibility prototype.

EDUCATION

Bachelor in Software Engineering (hons)

University of Bedfordshire

2024–2027, expected

KEY SKILLS

- Python, JavaScript
- Django,
- GitHub, REST API, Render
- PostgreSQL, MySQL
- Celery, Redis
- Docker
- Negotiation Skills
- Problem-Solving
- Time Management
